Please include your FULL NAME & EMAIL address / PHONE NUMBER with all returned kits to keep our tracking list updated. Thank you!

## 1. **Take an inventory**

Please make sure this kit contains the following items. Yardages are provide strictly for your convenience should you wish to make another quilt from your own stash of fabric. Instructions provide for machine self-binding so no binding fabric is included. Remember to use a 1/4" seam allowance for all seams. DO NOT use monofilament thread as it melts in industrial driers.

- ◆ 15 6 1/2" squares of focus fabric (Note: This require 5/8 yards.)
- ◆ 3 3 1/2" strips of fabric "A" (Note: This requires 1/3 yard.)
- ◆ 3 3 1/2" strips of fabric "B" (Note: This requires 1/3 yard.)
- ◆ 4 1 1/2" wide strips for the inner border (Note: This requires 1/4 yard)
- ◆ 4 3 1/2" wide strips for the outer border ( Note: This requires 1/2 yard)
- ◆ 50" length of full width of bolt backing fabric
- ◆ Official Quilts for Kids Label

## 2. **Official Quilt Label**

With right sides showing, place the official QFK label on the backing fabric at least 12" away from all sides of the backing fabric. Sew the label to the backing around all 4 sides of the label. With a permanent, non-bleeding markker, write only your first name on the label.

## 3. **Make 3 strip-sets for the 4-patch**

Sew one A and one B fabric strips together to make a single strip set. Press the seams open.

## 4. **Make 15 of the 4-patch blocks**

Sub cut the strip sets into 30 units measuring 3 1/2" x 6 1/2". Sew two units together to make a 6 1/2" square 4-patch block as shown. Press seams open.

## 5. **Make 15 block pairs**

Sew one large square to one 4-patch as illustrated to make a single pair of blocks. Pay attention to which side the 6 1/2" block is sewn to the 4-patch. Press seams toward the large block.

**6. Make 3 rows of block pairs**

Alternate pairs and sew 5 pairs together as shown. This makes a single row. Press seams for the 1st and 3rd rows to the right and to the left for the middle row.

**7. Sew rows together.**

Layout rows as shown and sew them together. Press the seams in one direction.

**8. Attach the Borders**

Attach the inner borders (1 1/2" strips) by sewing the strips to the long sides of the quilt first. Then, sew the 1 1/2" strips to the top and bottom edges. Now attach the outer borders (3 1/2" strips) in the exact same way.

**9. Quilt**

Sandwich the quilt top, batting and backing fabric patting out all the wrinkles on both sides and aligning the centers of all three pieces. Check to see that there is enough batting under the entire quilt top. Make sure there is enough backing fabric under all the batting. Baste the layers together. **KEEP ALL QUILTING STITCHES 1" AWAY FROM THE RAW EDGE OF THE QUILT TOP.** Quilting stitches should be no more than 3" apart. **NO HAND-TIED or HAND-QUILTED** quilts.

**10. Binding**

To machine self-bind, cut the batting even with the quilt top. **Do NOT cut the backing fabric.** Once the batting is cut, trim the backing fabric 1" larger than the quilt top on all four sides. Fold the raw edge of the backing over to kiss the raw edge of the quilt top. Press. Fold the backing again this time to fully cover the raw edge of the quilt top. Press. Begin sewing through all layers at the middle of one side. At each corner, open the pressed folds of the side not yet sewn. Fold a triangle to kiss the raw edge of the side not yet sewn. Refold the pressed backing into place to form a mitered corner. Continue sewing. This URL has photos of this technique: <http://cluckclucksew.com/2014/01/binding-quilt-with-quilt-back.html>

**11. Finishing touches**

**REMOVE ALL PINS and CLIP STRAY THREADS!** Return the finished quilt and scraps using the directions on the top of these instructions.

These instructions can be found on our website, so please help us save money by sending back this plastic bag and instructions to be reused with the next kit. Thank you for your partnership to bring comfort and joy to traumatized children.
